8.	Register protection principles	An agreement concerning data protection for the customer register has been made between the controller and the system suppliers. The system suppliers will take care of the register and storing all information related to it in accordance with good information processing practice and comply with an absolute duty of confidentiality. The duty of confidentiality binds all workers processing information in the register. Only workers whose duties require them to have the right to process customer information are authorised to use the system containing customer information. Every user will log in to the system with their personal ID and password, which are issued upon the granting of user rights. The use rights will end when the person leaves the duties for which the user rights were granted. The duty of confidentiality will remain in force after the work duties involving the processing of customer information or the employment relationship have ended. The information is collected into databases that are protected logically and physically. The information is protected in accordance with the Act on the Protection of Privacy in Electronic Communications and regulations and instructions issued by the
9.	Right of inspection and the implementation thereof	After providing reasons necessitating access to the information, the data subject will have the right to know what information concerning them has been saved into this register or that there is no information concerning them in the register. The controller must also disclose the regular information sources of the register to the data subject, as well as the purpose for which information in the register is used and regularly disclosed. If the data subject wishes to inspect the information concerning themselves as described in the previous paragraph, they must submit a request to the person in charge of Recser Oy's register in the form of a personally signed or similarly authenticated document. The data subject will, without undue delay, be given access to the information concerning themselves or, upon request, submitted the information in writing. The information will be stored for as long as is necessary for taking care of the agreement relationship. Any inspection requests must be addressed to the contact information provided above in section 2.
10.	Information corrections and the implementation thereof	The controller shall without undue delay correct, remove or supplement any personal information in the register that is erroneous, unnecessary, incomplete or outdated in terms of the purpose of

its processing, either of its own accord or upon the data subject's demand. The controller shall also prevent the spreading of such information. If the controller does not accept the data subject's demand to have their information corrected, they must provide a written statement regarding the matter and mention the reasons for which the demand was rejected. The data subject may submit the matter to the Data Protection Ombudsman for processing.

The controller must report any corrections to the party to which the controller has disclosed or from

The controller must report any corrections to the party to which the controller has disclosed or from which the controller has received the erroneous personal information. However, there is no reporting obligation if reporting is impossible or requires unreasonable effort.

Any correction requests must be addressed to the controller, see section 2.
